**NOTICE OF INTENT OF THE NEBRASKA PUBLIC SERVICE COMMISSION TO  
SUBMIT SUBSEQUENT STUDY AREA BOUNDARY DATA UPDATE**

The Nebraska Public Service Commission (NPSC) hereby gives notice of its intent to submit the available study area boundary data for all Nebraska Incumbent Local Exchange Carriers (ILECs) on June 27, 2013. Due to delays with a third party contractor, the data submitted on June 27, 2013 has a few minor items to complete. Therefore, the NPSC further gives notice of its intent to file updated data after finalizing all boundary data with carriers. We intend to file such update in late summer or early fall, 2013. This notice was also referenced in the comment portion of the boundary data filing submitted by the NPSC to the FCC on June 27, 2013.

Dated this 27<sup>th</sup> day of June, 2013.

Respectfully Submitted,

Nebraska Public Service Commission

/s/ Nichole Mulcahy
